

Sofia University and
City College of San Francisco
Articulation agreement
Effective Fall 2017

Undergraduate Students:

1. City College of San Francisco alumni who have earned an Associate's Degree with a 2.0 cumulative GPA or higher are eligible for acceptance into a Sofia University Bachelor's program when one of the two conditions below is satisfied:

- 1) The student meets the General Education requirements for Bachelor of Art degrees offered through state universities in the State of California.
- 2) The transfer credits have been evaluated and deemed acceptable by Sofia University.

City College of San Francisco AAS graduates who meet one of these conditions will be admitted into Sofia University provided they meet all admissions requirements for the applicable program as determined by Sofia University.

2. City College of San Francisco students without an Associate's Degree who wish to transfer to Sofia University will have all college-level/non-remedial courses completed at City College of San Francisco with a grade of "C-" or better, and which do not duplicate other credits earned by student, accepted for transfer as either an elective, General Education requirement, or an exemption or replacement for a required course as deemed appropriate in accordance with Sofia University current transfer credit policies.

City College of San Francisco students wishing to transfer to Sofia University are subject to all applicable deadlines and policies and procedures of Sofia University.

Upper Division Transfer Students:

City College of San Francisco students who transfer lower-division credits beyond that required for an associate's degree, or whose lower-division credits are equivalent to designated upper-division course content, may have these courses evaluated by Sofia University registrar and, where appropriate, they will be applied toward the course in the major.

Note: Lower-division credits transferred to satisfy upper-division courses do not constitute completion of the 30 upper-division credits required for graduation. Therefore, even if upper-division courses are awarded, City College of San Francisco students will still need to obtain a minimum of 30 upper-division credits at Sofia University to meet graduation requirements.

Maximum Number of Transferable Credits

The maximum number of transfer credits that can be accepted and applied toward degree completion is 90 credit hours.

City College of San Francisco is pleased to expand educational pathways for our students and graduates. If you receive an inquiry from a student interested in exploring this new opportunity, please contact Sofia University Christopher Scott at Christopher.scott@sofia.edu. (650) 388-5314.
