Provide **one** of the following documents that indicate the student's high school completion status when the student will begin college in 2018–2019:

- A copy of the student's high school diploma.
 - Evidence of passing the CASHEE may be required for CA High School graduates.
- A copy of the student's final official high school transcript that shows the date when the diploma was awarded.
 - Evidence of passing the CASHEE may be required for CA High School graduates.
- A copy of the student's General Educational Development (GED) certificate, an official GED transcript that indicates the student passed the exam, or a state-authorized high school equivalent certificate.
- For students who completed secondary education in a foreign country, a copy of the "secondary school leaving certificate" or other similar document.
- An academic transcript that indicates the student successfully completed at least a two-year program that is acceptable for full credit toward a bachelor's degree.
- If State law does not require a homeschooled student to obtain a secondary school completion credential for homeschool (other than a high school diploma or its recognized equivalent), a transcript or the equivalent, signed by the student's parent or guardian, that lists the secondary school courses the student completed and documents the successful completion of a secondary school education in a homeschool setting.
 - A student who is "home-schooled" in California by a parent who does not hold a California teacher credential is not eligible, because that "school" would not meet the exemption definition of a "high school" in California.

If the student is unable to obtain the documentation listed above, he or she must contact the financial aid office.
